

Package ‘RLumBuild’

May 4, 2019

Type Package

Title RLum Universe Package Building

Version 0.1.1.9000-2

Date 2019-05-04

Author Sebastian Kreutzer [aut, cre] (<<https://orcid.org/0000-0002-0734-2199>>),
Christoph Burow [aut] (<<https://orcid.org/0000-0002-5023-4046>>)

Maintainer Sebastian Kreutzer <sebastian.kreutzer@u-bordeaux-montaigne.fr>

Description Build packages from the RLum-universe.

A collection of tools and scripts to unify the building of packages.

License GPL-3

Depends R (>= 3.4.0),

RLumBuild-package	<i>RLum Universe Package Building #'</i>
-------------------	--

Description

Build packages from the RLum-universe. A collection of tools and scripts to unify the building of packages.

Details

Funding

In 2019, the work of Sebastian Kreutzer as maintainer of the package was supported by the LabEx LaScArBxSK (ANR - n. ANR-10-LABX-52).

build_package	<i>Check and Build Package</i>
---------------	--------------------------------

Description

Check and Build Package

Usage

```
build_package(path = ".", exclude = NULL, write_Rbuildignore = TRUE,  
as_cran = FALSE)
```

Arguments

- path **character** (with default): set package path
- exclude **character** (optional): names of build modules you want to exclude]
- write_Rbuildignore **logical** (optional): writes are master build-ignore
- as_cran **logical** (with default): enable/disable --as-cran check

How to cite

Kreutzer, S. (2019). build_package(): Check and Build Package. In: Kreutzer, S., Burow, C. (2019). RLumBuild: RLum Universe Package BuildingR package version 0.1.1.9000-2. <https://CRAN.R-project.org/package=RLumBuild>

Author(s)

Sebastian Kreutzer, IRAMAT-CRP2A, UMR 5060, CNRS - Université Bordeaux Montaigne (France)

Examples

```
print("This is only to silence the CRAN check")

## Not run:
build_package()

## End(Not run)
```

module_add_HowToCite	<i>Add How to Cite Section</i>
----------------------	--------------------------------

Description

Adds a section 'How to Cite' to each manual page as long as author names and version numbers are given

Usage

```
module_add_HowToCite()
```

Function version

0.1.0

How to cite

Burow, C., Kreutzer, S. (2019). module_add_HowToCite(): Add How to Cite Section. Function version 0.1.0. In: Kreutzer, S., Burow, C. (2019). RLumBuild: RLum Universe Package BuildingR package version 0.1.1.9000-2. <https://CRAN.R-project.org/package=RLumBuild>

Author(s)

Christoph Burow, Sebastian Kreutzer, IRAMAT-CRP2A, UMR 5060, CNRS - Université Bordeaux Montaigne (France)

module_add_RLumTeam	<i>Module: add RLum-Team and update version timestamp</i>
---------------------	---

Description

Module: add RLum-Team and update version timestamp

Usage

```
module_add_RLumTeam()
```

Function version

0.1.0

How to cite

Kreutzer, S. (2019). module_add_RLumTeam(): Module: add RLum-Team and update version timestamp. Function version 0.1.0. In: Kreutzer, S., Burow, C. (2019). RLumBuild: RLum Universe Package BuildingR package version 0.1.1.9000-2. <https://CRAN.R-project.org/package=RLumBuild>

Author(s)

Sebastian Kreutzer

module_build_documentation	<i>Module: Build Documentation</i>
----------------------------	------------------------------------

Description

Create documentation using roxygen2

Usage

```
module_build_documentation()
```

Function version

0.1.0

How to cite

Kreutzer, S. (2019). module_build_documentation(): Module: Build Documentation. Function version 0.1.0. In: Kreutzer, S., Burow, C. (2019). RLumBuild: RLum Universe Package BuildingR package version 0.1.1.9000-2. <https://CRAN.R-project.org/package=RLumBuild>

Author(s)

Sebastian Kreutzer, IRAMAT-CRP2A, UMR 5060, CNRS - Université Bordeaux Montaigne (France)

module_check_ReverseDependencies
Check Reverse Dependencies

Description

Check the reverse dependencies of the package

Usage

```
module_check_ReverseDependencies()
```

Function version

0.1.0

How to cite

Kreutzer, S. (2019). module_check_ReverseDependencies(): Check Reverse Dependencies. Function version 0.1.0. In: Kreutzer, S., Burow, C. (2019). RLumBuild: RLum Universe Package BuildingR package version 0.1.1.9000-2. <https://CRAN.R-project.org/package=RLumBuild>

Author(s)

Sebastian Kreutzer, IRAMAT-CRP2A, UMR 5060, CNRS - Université Bordeaux Montaigne (France)

module_compile_Attributes
Module: Compile attributes

Description

Module: Compile attributes

Usage

```
module_compile_Attributes()
```

module_create_DependencyGraph
Create Dependency Graph

Description

Create package dependency graph

Usage

```
module_create_DependencyGraph(Rversion = paste(R.version[c("major",  
  "minor")], collapse = "."))
```

Arguments

Rversion [character] (with default): R version for which the graph is created

Details

The script based on:

Function version

0.1.0

How to cite

Kreutzer, S. (2019). module_create_DependencyGraph(): Create Dependency Graph. Function version 0.1.0. In: Kreutzer, S., Burow, C. (2019). RLumBuild: RLum Universe Package BuildingR package version 0.1.1.9000-2. <https://CRAN.R-project.org/package=RLumBuild>

Note

Module currently not activated

Author(s)

Sebastian Kreutzer, IRAMAT-CRP2A, UMR 5060, CNRS - Université Bordeaux Montaigne (France)

module_knit_NEWS *Module: Knit NEWS*

Description

Module: Knit NEWS

Usage

```
module_knit_NEWS()
```

module_knit_README	<i>Module: Knit README</i>
--------------------	----------------------------

Description

Module: Knit README

Usage

module_knit_README()

module_set_VersionNumber	<i>Module: set_VersionNumber</i>
--------------------------	----------------------------------

Description

Module: set_VersionNumber

Usage

module_set_VersionNumber()

module_verify_ExampleTimings	<i>Verify Example Timings</i>
------------------------------	-------------------------------

Description

Check and display the timing results of the example checks to avoid too long example runs.

Usage

module_verify_ExampleTimings()

Function version

0.1.0

How to cite

Kreutzer, S. (2019). module_verify_ExampleTimings(): Verify Example Timings. Function version 0.1.0. In: Kreutzer, S., Burow, C. (2019). RLumBuild: RLum Universe Package BuildingR package version 0.1.1.9000-2. <https://CRAN.R-project.org/package=RLumBuild>

Author(s)

Sebastian Kreutzer, IRAMAT-CRP2A, UMR 5060, CNRS - Université Bordeaux Montaigne (France)

module_write_BibTeX	<i>Create Package BibTeX file</i>
---------------------	-----------------------------------

Description

Create Package BibTeX file

Usage

```
module_write_BibTeX()
```

Function version

0.1.0

How to cite

Kreutzer, S. (2019). module_write_BibTeX(): Create Package BibTeX file. Function version 0.1.0. In: Kreutzer, S., Burow, C. (2019). RLumBuild: RLum Universe Package BuildingR package version 0.1.1.9000-2. <https://CRAN.R-project.org/package=RLumBuild>

Author(s)

Sebastian Kreutzer, IRAMAT-CRP2A, UMR 5060, CNRS - Université Bordeaux Montaigne (France)

module_write_FunctionList	<i>Write Function Argument List</i>
---------------------------	-------------------------------------

Description

Create a spread-sheet table with all function arguments

Create a HTML and markdown list of all major functions in the package

Usage

```
module_write_FunctionList()
```

```
module_write_FunctionList()
```

Details

Pevious versions were written by Michael Dietze and Sebastian Kreutzer. This version programmatically fetches all functions and arguments and does not rely on parsing the .Rd files with regular expressions.
